

Our Culture of Truth

SUMMARY

Iron Forums has carefully incorporated God’s Truth into the fabric of this organization. Without Truth, it’s too easy for a business owner to get caught up in a series of lies, misinformation and inaccurate recollections that will make him feel more isolated and alone. One of the keys to Truth is to seek it and find it in God’s Holy Word. When your decisions are Biblically-based and informed through the Holy Spirit by discussion with Godly brothers in Christ, they will be the best ones for you. The world puts pressure on entrepreneurs to do what’s best for the company and what will make the most profit — at all costs. “It’s not personal, it’s just business” is often the excuse we tell ourselves and those we hurt through actions that are incongruent with God’s view. To combat that, Truth is one of the foundations we strive for at Iron Forums.

We are about to watch a short video about how TRUTH has impacted a few members of Iron Forums. You may want to take a few notes as things stand out to you or seem worthy of further discussion. After the video, we’ll spend some time at the tables discussing the verses and answering the questions at the bottom of this page.
